

DR. FERNANDO DURAN-SINDREU

Dr. Fernando Duran-Sindreu is a recognized specialist in Dentistry and Stomatology. He has more than 20 years of experience in the profession and extensive training in different fields of specialty. He has a Master's degree in Endodontics from the International University of Catalonia and is a Doctor cum laude in Endodontics from the same university. He has also carried out training stays in various endodontic departments at an international level, such as at Nova Southeastern University, in Florida, the United States, and other centers in Mexico, Peru, and Guatemala. Throughout his career he has combined his healthcare work with teaching, having been director of the master's degree in Endodontics and Endodontics online at the University at International de Catalunya for years, and currently director of the Endodontics area of the same university. At the same time, he also develops important research and informative activity, being the author of scientific articles on the specialty and a regular speaker at congresses, both nationally and internationally. Currently, Dr. Duran-Sindreu works as a specialist in Dentistry and Stomatology at the RoigEspona Dental Clinic.
